ABOUT TRIPLE "O" SYMPOSIA

It gives us immense pleasure to welcome you all to JSS Triple O Symposia :
Integrated Approach to Patient Care
 organised by JSS Dental College & Hospital, Mysuru.

In the simplest term, integrated learning is based on proper and adequate communication and discussion among the interdisciplinary teams in question, to provide best patient care. The actual fusion of specialties can resolve a problem more efficiently by working jointly and yet sharing individual's own conceptual viewpoint. Cooperation between closely related specialties is the need of the hour as integrated application of perspectives, concepts and methods of diagnosis and treatment planning is needed to deliver our final goal of optimal patient care.
