

## Training program for Ethiopian FDA officials (28<sup>th</sup> June – 05<sup>th</sup> July 2022)

**Dr. Rajeshkumar R, HOD I/C, Assistant Professor**  
**Dr. Vasanth Raj, Assistant Professor**  
**Mr. Alin Bose.J, Lecturer**

A 8 days training program for Ethiopian FDA officials was organized under JSSAHER, Mysuru Department of Pharmaceutical Biotechnology. Trained two of the EFDA officials (Miss Tiringo Mengaw and Mrs Beletu Abate) under medical microbiology. The JSSAHER officials welcomed the EFDA officials in Indian tradition; later they were deputed to the respective departments for the training.

First day of the training was elaborated with basic safety techniques to be followed in microbiology lab along with demonstration of equipments and various tools used in medical microbiology. The respective days of training was allotted for the following topics: Sterilization validation using Biological indicators, Growth promotion test for various medium including selective media for specified microorganism, Sterility testing of selected medical devices, Microbial limit test, Bacteriological endotoxin test, and bacteriological Examination of water.
