**Workshop Report
Workshop on Program & Course outcome mapping & analysis**

Date: 24.01.2023, **Time:** 9.30AM to 4.30 PM

Venue: Medical Education Unit (MEU), JSSMC

A one-day workshop on Program & Course outcome mapping and analysis was jointly organized by IQAC & CCLPE on 24th Jan 2023 at Medical Education Unit, JSSMC. Resource person for the workshop was Prof. Samita Maitra, PhD (IISc), Former Dean (Academics), B M S College of Engineering. The program started with icebreaking session, where in participants introduced themselves and also expressed their expectation from the workshop. The workshop was inaugurated by Dr. Manjunatha B, Registrar, JSSAHER.

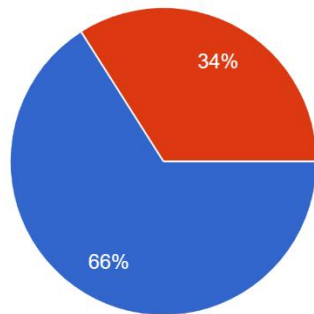

Scientific session included topics such as introduction to outcome-based education, Basic principles and characteristic features of OBE, developing and validating Program specific objectives, program outcomes, and course outcomes. Participants were made to work in a group and write course outcomes and align them with program outcomes for different programs and courses of their expertise.

In the post lunch session, Rationalizing and Constructing alignment of Course outcomes to Program Outcomes and Program Specific Outcomes were discussed. Quantifying the Program outcomes its Attainment and Analysis was demonstrated using MS-Excel.

The program was well received from the participants, and they opined that more such programs are needed to hand hold the implementation of OBE in their institutions. In the concluding remark, Dean IQAC requested the participants to further disseminate the concept of OBE to all the colleagues at respective institutions and departments and to develop the specific and measurable program & course outcomes for all programs offered.

1. The session was very informative

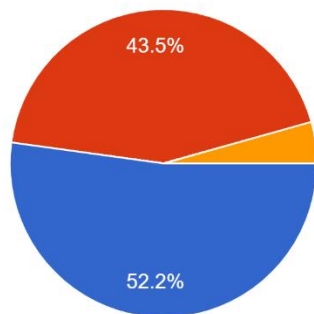

47 responses

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly Disagree

2. The session was interactive

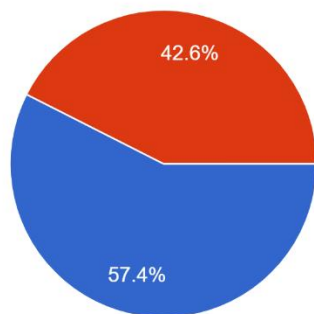

46 responses

- Strongly agree
- Agree
- Neutral
- Disagree
- Option 5

3. The Presentation was relevant to the topic

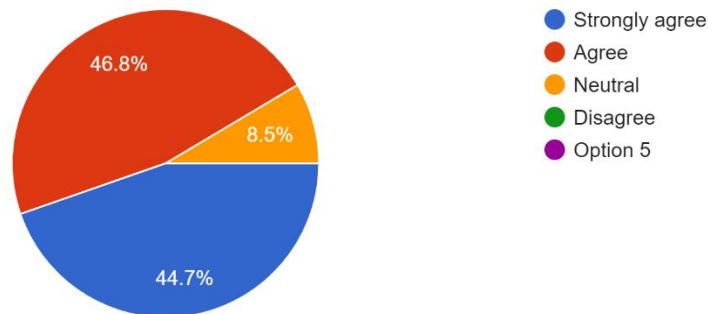

47 responses

- Strongly agree
- Agree
- Neutral
- Disagree
- Option 5

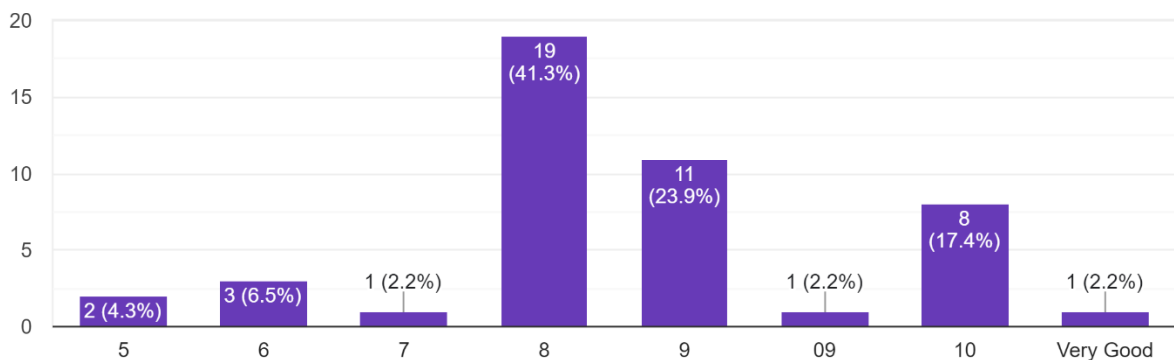

4. I could completely involve in the session

47 responses

5. Overall grade the session from 1 (very bad) to 10 (Excellent)

46 responses

6. What was most interesting in the sessions:

Mapping of Attainment, Experience of trainer, Quantifying PO attainment, Demo session, Calculations, Interactive session, Course articulation matrix, Hands on, Interaction with the Resource Person and hands on learning experience.

7. What could have been done to make the sessions better:

More of our subject examples, Some more extra sessions for calculations, More applications in medical background would have been beneficial, Font size, Extend for 2 to 3 days, Hands on training using laptop, Thank you for arranging informative Workshop. It would be still more good learning if we could get the relevant datasheet before the initiation of workshop.
