IDP is a Co-owner of IELTS in India & global leader in international educational services. It has been established from more than 50 years through following the best practices and supported students to realize their dream of studying abroad.

The international education fair conducted by IDP has highlighted world class institutions from Australia. Program had one to one interaction session with students by the institution representatives. Information about the international courses and services including application submission, University selection, offer acceptance, pre-departure preparation was presented by General Counsellor. Details with respect to the fees structure, part-time job, student services and scholarship offers and other facilities were informed. Notably students gained the knowledge and prospects of studying in abroad universities and services.

International educational specialists explained about pursuing higher education or internship programs in various universities of New South Wales. The staffs and educational experts facilitated students. They explained about career opportunities in abroad universities such as University of New south wale, Sydney, University of Wollongong, UTS College, Western Sydney University, Charles Sturt University & The University of Newcastle Australia etc.

T&PC team express deepest gratitude towards Dean, **Dr Raveesha K A**, SLS & LSD, JSS AHER, Mysuru, and the JSS AHER authorities for the kind support and encouragement.
