National Webinar on "Advances in Food Technology & Clinical Nutrition"

On July 27th, 2023, the Department of Nutrition and Dietetics at JSS AHER organized a significant national webinar titled "Advances in Food Technology & Clinical Nutrition." This webinar aimed to enrich the understanding and knowledge of students in the field of food science, focusing particularly on advanced aspects of enteral and parenteral nutrition in clinical settings.

Objective and Scope:

The primary objective of the webinar was to upgrade the quality of education by introducing students to cutting-edge advancements in food technology and clinical nutrition. It addressed the evolving landscape of nutritional sciences, emphasizing innovations that are reshaping both food production and healthcare practices.

Resource Persons:

The webinar featured distinguished experts who shared their insights and expertise:

1. **Dr. Rahul Vashishth**, Assistant Professor, Department of Biosciences & Technology, School of Biosciences & Technology, Vellore Institute of Technology, Vellore, Tamil Nadu. Dr. Vashishth brought forth his research and academic contributions in food technology, providing a scholarly perspective on technological advancements in the field.
2. **Mrs. Shoba**, Head of Clinical Nutrition & Dietetics, Cloud Physician Healthcare Pvt. Ltd, Bangalore. Mrs. Shoba offered practical insights from her extensive experience in clinical nutrition, highlighting the application of advanced nutritional therapies in healthcare settings.

Organizing Team:

The webinar was meticulously organized by a dedicated team from the Department of Nutrition and Dietetics at JSS AHER:

- **Ms. Syeda Farha S**
- **Dr. Sudha Sairam**

- **Dr. Veena BM**
- **Ms. Pallavi**

Their efforts ensured the smooth execution of the webinar, facilitating an interactive platform for learning and exchange of ideas among participants.

Key Highlights:

Participants gained valuable knowledge on:

- Emerging technologies in food science and their impact on nutritional quality.
- Advanced clinical nutrition practices in enteral and parenteral nutrition.
- Integrative approaches to enhancing healthcare outcomes through nutrition.

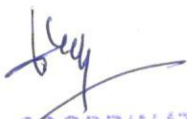

Audience Response:

The webinar received enthusiastic participation from students, academicians, and professionals in the field of nutrition and dietetics. Attendees appreciated the depth of information provided by the speakers and found the session highly informative and beneficial for their academic and professional growth.

Conclusion:

In conclusion, the national webinar on "Advances in Food Technology & Clinical Nutrition" organized by JSS AHER on July 27th, 2023, successfully achieved its goal of advancing knowledge in the fields of food science and clinical nutrition. It served as a platform for fostering intellectual discourse and exploring new frontiers in nutrition science, thereby contributing significantly to the educational enrichment of the participants.

This initiative underscored the commitment of JSS AHER to continually enhance the quality of education through innovative academic engagements and expert-led discussions in emerging domains of study.
