Seminar on Artificial Intelligence

The Department of Health System Management Studies held a seminar on Artificial Intelligence on 25th & 26th July, 2024

Dr. Chandru, Associate Professor from Department of AI and ML, Jyothy's Institute of Technology, Bangalore and Dr. Usha M.S., Associate Professor and Head of the Department of CSE at NIE Mysuru were the resource persons.

Students from BBA and MBA have attended the sessions with much curiosity to learn about Artificial Intelligence and It's utility in healthcare sector. Topics included fundamentals of AI, Knowledge agents and logic agents, BFS and DFS algorithms. Sessions were also conducted on games, Min-Max algorithms and Data pruning. The sessions were ended with the learning theories in AI.

Faculty of the department also took active participation in attending the sessions and expressed their satisfaction in knowledge enhancement. Resource persons were felicitated with appreciation letters by Dr. Mamatha H. K. HoD, Dean and Associate Professor, DHSMS. Students have expressed their joy in learning the trending concepts and requested the department to conduct many more of such sessions in future.
