Dr. Ramith Ramu Recognized Among the World's Top 2% Scientists for the Third Consecutive Year

JSS Academy of Higher Education & Research (JSS AHER), Mysuru, is proud to announce that **Dr. Ramith Ramu**, Associate Professor, Department of Biotechnology & Bioinformatics, has been recognized among the **world's Top 2% Scientists by Stanford University and Elsevier** for the **third consecutive year (2023, 2024, and 2025)**.

This prestigious recognition is based on a comprehensive global database curated by Stanford University, USA, and Elsevier, which evaluates researchers across multiple disciplines based on standardized citation indicators, including citations, h-index, and co-authorship adjusted impact.

Dr. Ramu's sustained achievement highlights his significant research contributions in the areas of **biotechnology, probiotics, antimicrobial resistance, and advanced therapeutic strategies**. His recognition for three consecutive years reflects not only his personal academic excellence but also the growing impact of research from JSS AHER on the global scientific community.

On this occasion, Dr. Ramu expressed his gratitude to **His Holiness Swamiji, Chancellor of JSS AHER, the university leadership, collaborators, and his research scholars** for their constant encouragement and support, which have been instrumental in this achievement.

JSS AHER congratulates Dr. Ramith Ramu for this outstanding honor and wishes him continued success in his research journey.

Congratulations
