Dr. Ramith Ramu Delivers Short Lecture at the 12th International Conference & Convention (SECON 2025) Organized by the Society for Ethnopharmacology, India

Dr. **Ramith Ramu**, Associate Professor, Department of Biotechnology & Bioinformatics, **JSS Academy of Higher Education & Research (JSS AHER)**, Mysuru, was invited to deliver a **Short Lecture** at the **12th International Conference & Convention (SECON 2025)** of the **Society for Ethnopharmacology, India (SFE-India)**, held on **October 30–31, 2025**, at **Jamia Hamdard, New Delhi**.

The conference, themed *“Traditional Medicine – Ancient & Modern Concordance,”* brought together leading academicians, scientists, and practitioners to explore the interface between traditional medicine systems and modern therapeutic innovations.

During his presentation, Dr. Ramith shared his laboratory’s recent work on the **development of a thermoresponsive, biocompatible probiotic–polymer delivery construct for oral candidiasis management**, highlighting its translational potential in integrating probiotic therapy with advanced biomaterial-based delivery systems.

He expressed gratitude to the **Centre of Excellence in Unani Medicine (Pharmacognosy & Pharmacology)** and the **Bioactive Natural Product Laboratory**, Jamia Hamdard, for their kind invitation and warm hospitality. The event served as a valuable platform for knowledge exchange, fostering collaboration among researchers dedicated to merging traditional wisdom with modern biotechnological approaches for sustainable healthcare solutions.

Dr. Ramith Ramu (Center), Associate Professor, Department of Biotechnology and Bioinformatics, JSS Academy of Higher Education & Research, receiving a memento as a token of appreciation from the Chairperson during the International Conference.
