(57) Abstract :

The present invention relates to an anti-psoriatic composition comprising: methotrexate at a concentration of 0.1% (w/v); cyclosporine at a concentration of 0.1% (w/v), and a polymer. The present invention relates to an anti-psoriatic device comprising, cubosome in a concentration range of 1.0 and 4.0 %; and a hydrogel in a concentration range of 1.0 and 4.0%. The present invention also relates to a method for preparing an anti-psoriatic device.
