

Very fond memories of my journey as a BDS student in JSS Dental College. I shall always cherish the moments I have spent there. Wonderful teachers, wonderful batchmates, seniors and juniors and the office staff. The professional training we got there was par excellent and it the reason why we are doing good today. The overall atmosphere was very friendly and like a big dental family. Even today after so many years a spark lights up in my heart when I meet somebody who has studied in JSSDC. Kudos to JSSDC and my best wishes always.
