

It gives me an sense of pride to write about my alma matter JSSDC from which my professional career was shaped at rather chiseled

The stepping stone of success was well laid out by my under graduated college to an extent that even the minute procedures were taught by one of the most efficient talented staff members who inculcated the nobel thoughts of this beautiful profession

Not to forget the insights of swamy who always provided the best infrastructural needs the college needed

To sum up in short I feel truly blessed to have been natured in this beautiful Institute which has given some of the best dentist to this world

Dr. T S Subhash, MDS MSc,

Consultant Endodontist & Cosmetic Dental Surgeon,

Professor & HOD Dept, of Dentistry, K R Hospital,

M M C & R I
