

## TESTIMONIAL

Dr Ashwini S  
Professor and HOD  
Dept. Of Periodontology and Implantology  
Faculty of Dental Sciences  
Ramaiah University of Applied Sciences  
Bengaluru

JSS Dental College has very wonderful faculty and they are very cooperative and campus environment is very positive. The five years spent here were splendid and has helped me to grow better professionally & personally. The relationship between faculties and student is very cordial, which gave me an opportunity to excel in my area of interest. The entire study environment makes it easy for a student to learn and inculcate the spirit to stand out amongst the talented and hard-working students. What amazes me is the plethora of extra-curricular activities that the Institute offers hence compelling every student to explore and pursue his/her extra talents. The institute manages the areas extremely well and a student always finds himself/herself in a pool of never ending opportunities. Another feather in the cap is the faculty that imparts quality education to its students. I would specially like to thank Dr. S Ravindra for imparting his immense knowledge and awakening in me the interest for subject of periodontology. He also taught me importance of hard work, disciplined student life and dedication to achieve success in life. In JSS Dental College, never can a student find himself lost in a concept and faculty not being able to rescue his/her!
